The Faith to Face Poverty Week: A Call to Action
October 3-10, 2010

As people of faith we are called upon to help those in poverty. During this week we will look at our own community and see thousands who lack basic necessities. Please join the Fox Cities Project Promise Poverty Coalition along with faith communities across the Valley to work together to end poverty in the Fox Cities. Let us be shining examples of hope to the poor in our communities.

The goals of *The Faith to Face Poverty Week* are:

- *strengthen the understanding of poverty in the Fox Valley
- *encourage discussion and action to address these issues

Join us at the kick-off event at the Fox Valley Unitarian Universalist Fellowship on Tuesday, August 3, where more information will be shared.

Please e-mail us at projectpromisefoxcities@capmail.org if you would like further information before then.
